1. The following question and answer is provided as a clarification to this RFP:

Question 1:

In response to your recent solicitation for proposals for the TPF, (company name removed) would like to request that the actual Zemax prescription be made available to us. This would save considerable time and expense and eliminate the mundane task of backing out the optics from the Zemax output files provided.

Answer 1:

The actual Zemax prescription is contained in file [AL-HRC_FS_23c.zip](#) which can be downloaded by clicking on the link below. This information will be incorporated in any resultant contract as Exhibit VIII in Section 3.1 of contract Article 1, "Statement of Work and Delivery Instructions" (see Specimen Contract dated 08/04/2003 included with RFP).
